Career Objective

Motivated and passionate BCA student with strong interest in Machine Learning, Python Programming, and Web Development. Skilled in developing AI-based projects and continuously learning emerging technologies. Seeking opportunities to enhance technical expertise and contribute to innovative software and AI-driven solutions.

Educational Qualification

Qualification	Institute / Board	Marks / CGPA	Year
BCA	BIT Mesra, Ranchi	7.5 CGPA	2026
Class XII	Inter Science College (JAC Board)	79.80%	2023
Class X	Radha Govind Public School (CBSE Board)	56.6%	2021

Technical Skills

- Python Programming
- C Programming
- Machine Learning Basics
- Web Development
- AI & ML Concepts
- Problem Solving & Logical Thinking

Internship Experience

1. Support Vector Machine using Machine Learning

Worked on implementing Support Vector Machine algorithms and understanding machine learning concepts for predictive analysis and classification tasks.

2. Big Mart Sales Prediction using Machine Learning

Developed a machine learning-based sales prediction project focused on data analysis, prediction models, and business insights.

Projects & Research

Impact of AI on Employment

Studied and analyzed the influence of Artificial Intelligence on employment opportunities, job automation, workforce transformation, and future industry demands.

Strengths

- Quick Learner
- Team Collaboration
- Communication Skills
- Adaptability

- Creative Thinking

Areas of Interest

Artificial Intelligence, Machine Learning, Web Development, Software Development, Data Analysis, and Emerging Technologies.
